

Yakir is the CEO of Kovrr, an Israeli predictive cyber risk modeling company.

He started his career in the Israeli intelligence forces.

Following his military service, he acquired multidisciplinary experience in software and hardware design, development and product

management.

For the past few years, he has been focused on bringing advanced machine learning and artificial intelligence-based cyber products to the market.

Yakir holds a BSc in Electrical Engineering from the Technion, Israel Institute of Technology and an MBA from IE Business School, Madrid, Spain.
